

IN THE SPECIFICATION

Please replace the paragraph beginning at page 7, line 16, which starts with “For instance”, with the following amended paragraph:

---For instance, suppose that there are at least three locking holes 370 formed on the mounting bracket ~~370~~ 350. When the connection portion 500a needs to be inserted in the mounting bracket 350, one can combine these two components by inserting bolts-nuts into upper two locking holes 370 or two lower locking holes 370.---

Please replace the paragraph beginning at page 9, line 18, which starts with “Suppose”, with the following amended paragraph:

---Suppose that there are at least three locking holes 670 formed on the mounting bracket ~~370~~ 350. When the body 610b of the link 610 needs to be inserted in lower bracket 650, one can combine these two components by inserting bolts-nuts into upper two locking holes 670 or two lower locking holes 670.---
